

CAPABILITY STATEMENT

TRAIFAST ENTERPRISES COMPANY LIMITED

Source. Supply. Deliver.

Traifast Enterprises Company Limited is a Uganda-based supply and distribution company focused on helping businesses, institutions and projects source and receive the products and supplies they need to operate, build and grow.

WHO WE ARE

Traifast is being built as a long-term African supply, distribution and value-addition company. We do not limit ourselves to one industry; we build capability around a fundamental market need: reliable access to products and supplies.

Legal Name Traifast Enterprises Company Limited	Legal Form Company limited by shares
Incorporated 7 October 2021	URSB Registration 80020003309535
URA TIN 1020049532	Base Hoima, Uganda

CORE CAPABILITIES

- **Procurement & Sourcing:** Source products to customer specification, compare suppliers, negotiate commercial terms and coordinate purchasing.
- **Supply & Distribution:** Supply goods directly to businesses, institutions, contractors and other customers, with dependable fulfilment and delivery coordination.
- **Special-Order Sourcing:** Find products that are not held as regular stock, using an established supplier network and structured procurement process.
- **Product & Inventory Management:** Maintain disciplined product records, pricing, stock controls and order history to support efficient operations.
- **Supplier Management:** Build relationships with reliable suppliers and assess price, quality, lead time, documentation and service performance.
- **Delivery & Documentation:** Use quotations, purchase orders, goods received records, invoices and delivery documentation to support traceable transactions.

PRODUCT & SUPPLY CATEGORIES

- Industrial & maintenance supplies
- Construction & infrastructure supplies
- Institutional, office & cleaning supplies
- Packaging, household & general business supplies
- Safety, PPE & workplace supplies
- Electrical & technical products
- Agricultural & post-harvest supplies
- Special-order and project-specific requirements

CUSTOMERS & INDUSTRIES WE SERVE

Contractors & project companies Construction, infrastructure, engineering and field operations.	Industrial businesses Factories, workshops, maintenance operations and service companies.
Institutions Schools, offices, healthcare-related organisations, NGOs and other institutions.	Agribusinesses Farms, aggregators, processors and businesses involved in the food supply chain.
Hospitality & commercial businesses Hotels, restaurants, shops and other operating businesses.	Energy & oil/gas ecosystem Eligible contractors and service providers requiring reliable general and technical supplies.

HOW WE WORK

1. Understand

We clarify the customer's specification, quantity, required date and commercial requirements.

2. Source

We identify suitable suppliers and products, compare options and verify key requirements.

3. Quote

We prepare a clear commercial quotation with agreed terms and delivery expectations.

5. Verify

Goods are checked for quantity, condition and relevant documentation before dispatch where applicable.

4. Procure

Once authorised, we place the order and coordinate supplier fulfilment.

6. Deliver

We coordinate delivery and provide the required transaction documentation.

WHY TRAIFAST

- One point of contact for multiple supply requirements
- Structured procurement and supplier comparison
- Focus on reliable fulfilment rather than simply selling a product
- Traceable documentation and disciplined transaction controls
- Flexible sourcing for both regular and special-order requirements
- Long-term focus on customer relationships and repeat supply

CORPORATE CREDENTIALS

URSB	Company Registration No. 80020003309535

OUR DIRECTION

Traifast is designed to grow from procurement and supply into stronger distribution capability, warehousing, private-label products, value addition and—where market demand and capability justify it—manufacturing. Expansion will be driven by demonstrated customer demand, operational capability and disciplined reinvestment.
